

2025 ACCP Annual Meeting

“Leveraging Innovative Approaches to Transform
Clinical Pharmacology”

September 14 – 16, 2025 • Phoenix, AZ

2025 Roger Jelliffe Individualized Therapy Award

Bhagwat Prasad, PhD

Professor and Div Director, Translational & Clinical Pharmacology
Cincinnati Children's Hosp Medical Ctr, Cincinnati, OH

Dr. Bhagwat Prasad is a Professor and Division Director of Translational and Clinical Pharmacology at Cincinnati Children's Hosp Medical Ctr (CCHMC), Cincinnati, OH. He leads several federally and industry-funded research programs focused on characterizing interindividual variability and the *in vitro* to *in vivo* extrapolation (IVIVE) of drug transport, metabolism and response utilizing quantitative proteomics and metabolomics. Dr. Prasad is also the Director of the Proteomics-based Research Initiative for Non-Conserved Enzymes (PRINCE), a consortium funded by multiple pharmaceutical companies, with a focus on drug metabolism. Before joining CCHMC, Dr. Prasad served as a Tenured Professor of Pharmaceutical Sciences at the Coll of Pharmacy and Pharmaceutical Sciences, Washington State Univ (WSU), Spokane, WA (2019–2025), and as an Assistant Professor at the Univ of Washington (UW), Seattle, WA (2015–2019). With a wealth of expertise, Dr. Prasad has contributed significantly to the field, evidenced by the publication of over 150 peer-reviewed articles and the delivery of more than 125 invited talks at various conferences, peer institutions, pharmaceutical industry, and the US Food & Drug Administration (FDA).

Dr. Prasad's accomplishments have earned him significant recognition, including his election as a member of the Washington State Academy of Sciences. He is also the recipient of prestigious awards, such as the New Investigator Award from the Int'l Society for the Study of Xenobiotics (ISSX) in 2018, the Early Career Faculty Award from the American Society for Pharmacology and Experimental Therapeutics (ASPET) in 2018 and the WSU Chancellor's Excellence Faculty Award in both Service (2022) and Research (2024). Actively involved in professional organizations, Dr. Prasad is currently serving as Chair-Elect of the Drug Metabolism and Disposition Division of ASPET, having previously served as its Secretary. He is also the current chair of the Transporter Focus Group of ISSX. Additionally, Dr. Prasad holds editorial roles as a Senior Editor for *Pharmacology Research and Perspectives* and as a member of the editorial boards of *Drug Metabolism and Disposition*, *Clinical Pharmacology and Therapeutics*, *Trends in Analytical Chemistry*, *Frontiers in Pharmacology* and *Pharmaceutics*. Dr. Prasad earned his MS and PhD in Pharmaceutical Sciences from NIPER, Mohali, India, and completed his postdoctoral training at the UW School of Pharmacy, Seattle, WA. He also served as a Visiting Faculty Fellow at the FDA in 2024.
