

2024 ACCP Annual Meeting

"Transformative Solutions: Delivering on the Promise of Clinical Pharmacology for Patient Care"

September 8 – 10, 2024 • N Bethesda, MD

2024 Roger Jelliffe Individualized Therapy Award

Charles A. Peloquin, PharmD, FCCP

Professor & Division Head, Translational Research & Director, Infectious Disease Pharmacokinetics Lab,
Jack C. Massey Endowed Professor, Coll of Pharmacy & Emerging Pathogens Inst
Univ of Florida

Professor Chuck Peloquin received his BS in pharmacy from the Univ of Connecticut and his PharmD from the Philadelphia Coll of Pharmacy & Science. He completed his residency at Duke Univ Medical Ctr and his fellowship in Infectious Diseases & Pharmacokinetics at the Millard Fillmore Hosp in Buffalo, New York.

Currently, he serves as Professor & Division Head, Translational Research, and as the Jack C. Massey Endowed Professor within the Univ of Florida Coll of Pharmacy. He also serves as a member of the Univ of Florida Emerging Pathogens Inst.

For 35 years, Professor Peloquin has been the Director of the Infectious Disease Pharmacokinetics Laboratory (IDPL), first at National Jewish Health in Denver, and for the past 14 years, at the Univ of Florida. The IDPL is an international reference clinical and research laboratory, specializing in antibiotic pharmacology and therapeutic drug monitoring.

Professor Peloquin is a contributor to the US TB Treatment Guidelines, the US AIDS Opportunistic Infection Guidelines, selected WHO TB Treatment Guidelines and the Curry Int'l TB Center Drug-Resistant TB "Survival Guide." He has authored over 400 manuscripts, including over 250 original research articles, over 50 review articles and over 50 book chapters.
