Prognostic Impact of Early Administration of β -Blockers in Critically Ill Patients with Acute Myocardial Infarction

April 2024 – *The Journal of Clinical Pharmacology* (JCP)

Why is this article important to you?

Learners that complete this activity will understand the impact on early administration of beta blockers in acute Myocardial Infarction (MI) patients, including those who underwent revascularization, on mortality outcomes.

ACPE Accreditation Statement

The American College of Clinical Pharmacology® is accredited by the Accreditation Council for Pharmacy Education (ACPE) as a provider of continuing pharmacy education.

UAN: 0665-0000-24-004-H01-P – ACPE 1 Contact Hours

Activity Type: Knowledge-based **Format:** Home-study **Target Audience:** 'P'

ACCME Accreditation Statement

The American College of Clinical Pharmacology® is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

ACCME Designation Statement

The Accreditation Council for Continuing Medical Education designates this journal CE activity for 1 *AMA PRA Category 1™* credit. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Target Audience

Interprofessional team of Physicians, Physician Assistants, Pharmacists, PhDs and Nurses interested in expanding their knowledge on the impact of beta blockers in acute Myocardial Infarction (MI) patients.

Learning Objectives

After completing this activity, the learner will be able to:

1. Describe current practice based on clinical treatment guidelines;
2. Define the limitations of the current study design;
3. Explain the study findings;
4. Recognize the limitation of study data source.

Requirements to Receive Credit

In order to receive continuing medical education (CME) or continuing pharmacy education (CPE) credit, the learner must register for the educational activity, study the provided journal article, complete the online learning Self-assessment Post-test as well as the online course Evaluation and CME/CPE Certificate. Credits and CME/CPE Certificates must be claimed within thirty (30) days of completing the article, Post-test and Evaluation. Contact CE@ACCP1.org with any questions.

Disclosures:

- Article Selection: John van den Anker, MD, PhD, Editor-in-Chief, JCP, selected the article for this course and has nothing to disclose.
- Planner: Jiajun Liu, PharmD, MSc, Senior Pharmacokineticist, US Food & Drug Administration, planned the continuing education documentation for this course and has nothing to disclose.
- CE Reviewer: John Callaghan, MD, PhD, Associate Professor in Medicine/Pharmacology and Toxicology, Indiana Univ School of Medicine, served as the CE Reviewer and has nothing to disclose.

Schedule & Fees

JCP monthly Journal CE articles are generally released on the 1st or 2nd Tuesday of each month. They are priced in packages of January to December for each year. Packages are available at no cost to ACCP Members and \$75/calendar year to Non-members. Once you register, you have access to all of the Journal CE articles for the calendar year.

Acknowledgement of Financial Support

No financial support was received for this educational activity.
