

Attendees Obtain Free CE Credits from ACCP Virtual Journal Webinars!

Find information on re-printing your certificate(s) [here](#).

Prednisone Pharmacokinetics During Pregnancy and Lactation

ACCP Virtual Journal Club Webinars

Live Session: Wednesday, September 19, 2018 from 2:00 to 3:00pm EDT

On Demand: Starting September 20, 2018

Why is this webinar important to you?

Learners that complete this course will be able to describe the movement of prednisone and its metabolite, prednisolone, in the body of females during various stages of pregnancy and lactation, including infant exposure to these agents via breast milk.

ACPE Accreditation Statement

The American College of Clinical Pharmacology is accredited by the Accreditation Council for Pharmacy Education (ACPE) as a provider of continuing pharmacy education.

UAN: 0238-0000-18-037-L/H01-P– ACPE 1 Contact Hours

Activity Type: Knowledge-based **Format:** Live & Home-study **Target Audience:** 'P'

ACCME
ACCREDITED

ACCME Accreditation Statement

The American College of Clinical Pharmacology is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

ACCME Designation Statement

The Accreditation Council for Continuing Medical Education designates this live and enduring CE activity for 1 *AMA PRA Category 1™* credit. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Target Audience

Interprofessional team of physicians, pharmacists, PhDs, nurse practitioners and physician assistants.

Learning Objectives

After completing this activity, the learner will be able to:

- 1) Describe the metabolism of prednisone and prednisolone via interconversion;
- 2) Discuss if prednisone and prednisolone undergo dose-dependent pharmacokinetics during pregnancy;
- 3) Discuss if prednisone and prednisolone undergo concentration-dependent pharmacokinetics during pregnancy;
- 4) Interpret that infant exposure to prednisone and prednisolone via breast milk is minimal.

Requirements to Receive Credit

In order to receive CE credit, the learner must register for the educational activity, study the provided journal article, attend the Live webinar or view the on-demand webinar, complete the online learning self-assessment (post-test), complete the online course evaluation and print the certificate.

Disclosures:

Author/Faculty: Mary F. Hébert, PharmD, FCCP, Professor of Pharmacy and Adjunct Professor of Obstetrics & Gynecology, Univ of Washington, has nothing to disclose related to this topic.

Moderator/CE Planner: Joseph D. Ma, PharmD, FCP, Professor, Skaggs School of Pharmacy & Pharmaceutical Sciences, Univ of California San Diego, Div of Clinical Pharmacology, has nothing to disclose related to this topic.

Reviewer: Francis Achike, MD, PhD, MEd, Professor of Pharmacology, Anesthesiology & Clinical Skills, California Univ of Science & Medicine, has nothing to disclose.

Schedule & Fees

The ACCP webinar programs occur several times per year. Registration for the webinars are required but are free of charge to all learners.

Acknowledgement of Financial Support

No financial support was received for this educational activity.
