Communicating Your Science: Acing Presentations & Posters at Conferences

2021 ACCP Student, Trainee & Early-stage Professionals Webinar

Live Session: Wednesday, May 12, 2021 from 2:00 to 3:30 PM ET

On Demand: May 12, 2021 to May 12, 2024

Why is this webinar important to you?

Effective presentation and communication of your scientific research are critical skills for any scientist in the field of clinical pharmacology. This often-overlooked skill set can be challenging to develop and become an expert in; however, with a few tried and true strategies, you can effectively communicate your science and impress your audience. In this webinar, Speakers will walk Attendees through some effective strategies on how to present your research at virtual and in-person educational events, implementation of innovative poster designs and tools to stand out from the crowd at your next conference.
