## ***Association Between Sexual Dysfunction and Dose of Atypical Antipsychotics: Essential to Learn the Basics***

January 2023 – *The Journal of Clinical Pharmacology* (JCP)

### ***Why is this article important to you?***

Sexual dysfunction is the most common, unspoken and undiscussed side effect with the use of many psychotropic medications and even more so with the newer antidepressant drugs. Though at present we are aware of the impact of psychotropic drugs on sexual function, it is still difficult to measure the extent of the problem because many psychiatric disorders themselves may have profound effects on relationships and thus, also on sexual function. Learners who complete the review of this journal article will be able to assess dose dependency of sexual dysfunction associated with atypical antipsychotic drugs and their prevalence.

### **ACPE Accreditation Statement**

The American College of Clinical Pharmacology® is accredited by the Accreditation Council for Pharmacy Education (ACPE) as a provider of continuing pharmacy education.

**UAN: 0665-0000-23-001-H01-P**– ACPE 1 Contact Hours

**Activity Type:** Knowledge-based **Format:** Home-study **Target Audience:** 'P'

### **ACCME Accreditation Statement**

The American College of Clinical Pharmacology® is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

### **ACCME Designation Statement**

The Accreditation Council for Continuing Medical Education designates this journal CE activity for 1 *AMA PRA Category 1™* credit. Physicians should only claim credit commensurate with the extent of their participation in the activity.

### **Target Audience**

Interprofessional team of Physicians, Pharmacists and PhDs.

### **Learning Objectives**

After completing this activity, the learner will be able to:

1. Describe the Arizona Sexual Experiences Scale and its different domains;
2. List the prevalence of sexual dysfunction associated with different antipsychotic monotherapy, namely risperidone, olanzapine and quetiapine;
3. Explain the components of sexual dysfunction affected by different antipsychotic monotherapy;
4. Describe dose and duration dependency of sexual dysfunction associated with different antipsychotic monotherapy.

### **Requirements to Receive Credit**

To receive continuing education credit, the learner must register for the educational activity, study the provided journal article and complete the online learning Post-event Self-assessment, as well as the online course Evaluation and CME/CPE Certificate. Credits and CME/CPE Certificates must be claimed

within thirty (30) days of completing the article, Post-event Self-Assessment and Evaluation. Contact [CE@ACCP1.org](mailto:CE@ACCP1.org) with any questions.

#### **Disclosures:**

**Article Selection:** Joseph S. Bertino Jr, PharmD, Editor-in-Chief, *The Journal of Clinical Pharmacology*, planner for this educational activity, has no relevant relationship(s) with ineligible companies to disclose.

**Planners:** Meenakshi Meenu, MD, DM, Assistant Professor, All India Inst of Medical Sciences, planner for this educational activity, has no relevant relationship(s) with ineligible companies to disclose.

**CE Reviewer:** Mirshad PV, PhD, Associate Professor, MES Medical Coll, reviewer for this educational activity, has no relevant relationship(s) with ineligible companies to disclose.

#### **Schedule & Fees**

JCP monthly Journal CE articles are generally released on the 1<sup>st</sup> or 2<sup>nd</sup> Tuesday of each month. They are priced in packages of January to December for each year. Packages are available at no cost to ACCP Members and \$75/calendar year to Non-members. Once you register, you have access to all of the Journal CE articles for the calendar year.

#### **Acknowledgement of Financial Support**

No financial support was received for this educational activity.

#### **Home Study Initial Release and Expiration Dates**

**Date of Issuance:** 01/01/2023

**Expiration Date:** 01/01/2026
