Lessons Learned: Perspectives from Government, Academia, and Industry

2020 ACCP Early-stage Professionals Webinar

Live Session: Wednesday, October 7th, 2020 from 2:00 PM to 3:00 PM ET

On Demand: October 7th, 2020 to October 20th, 2023

Why is this webinar important to you?

This webinar series aims to provide career development tools to Students, Trainees & Early-stage Professionals entering or at the beginning of their careers in the field clinical pharmacology. The webinar will feature a panel of mid-career scientists who will share their insights into ways to more effectively navigate periods of critical importance for career advancement within the domains of academia, government/regulatory, clinical and industry. Each speaker has been selected based on degree of experience as well as for being recognized as leaders and experts in their disciplines. Each talk will distill practical and current advice for what has worked and what could have been done differently to establish a trajectory of career success upon landing that first appointment or position with the intent of enabling junior colleagues to learn from the hard-won experience of others.
