

# Clinical Pharmacometrics

ISoP/ACCP Special Interest Group

## ACCP/ISoP Clinical Pharmacometrics Special Interest Group Post-ACCP 2020 Award Presentation and Networking Event

*October 2<sup>nd</sup>, 2:00 – 3:00 PM EST*

The Clinical Pharmacometrics Special Interest Group cordially invites you to a special post-ACCP 2020 session dedicated to advancing model-based precision medicine. Join us as our Student Abstract Award winner, Dr. Mutaz Jaber, presents his work in applying pharmacometric concepts for hydrocortisone dose individualization and engage in a virtual forum to connect with fellow scientists interested in improving patient care through quantitative pharmacology. Participants will further learn about the SIG's present and future initiatives, including how they can get involved.

### Agenda

- 
- |                |   |
|----------------|---|
| 10:00–10:10 AM | <b>Welcome and Introduction to the SIG</b><br>Nikolas Onufrak, PharmD [SIG Chair, Boehringer Ingelheim]   |
