

Attendees Obtain Free CE Credits from ACCP Virtual Journal Club Webinars!

Discordance Between Child-Pugh and National Cancer Institute Classifications for Hepatic Dysfunction: Implications on Dosing Recommendations for Oncology Compounds

2021 ACCP Virtual Journal Club Webinar

Live Session: Wednesday, March 17th, 2021 from 2:00 - 3:00 PM ET

On Demand: March 17th, 2021 to March 17th, 2024

Why is this webinar important to you?

Guidance from the US Food & Drug Administration (FDA) and the European Medicines Agency recommends using Child-Pugh classification for pharmacokinetic evaluation in noncancer subjects with hepatic impairment (HI). Therefore, dosing recommendations for oncology compounds for patients with HI are commonly based on Child-Pugh classification. In oncology clinical practice, National Cancer Institute classification (NCIc), is commonly used for evaluating hepatic function and dosing decisions for oncology patients. This work evaluated the discordance between the two systems and the impact on dosing recommendations. Learners that complete this course will be able to delve on nuances of categorization of hepatic impairment and their application in generating dosing recommendations.

JOINTLY ACCREDITED PROVIDER™
INTERPROFESSIONAL CONTINUING EDUCATION

Joint Accreditation Statement

In support of improving patient care, the American College of Clinical Pharmacology® (ACCP) is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

UAN: JA4008220-0000-21-010-L01-P– ACPE 1 Contact Hours

Activity Type: Knowledge-based **Format:** Live & Home-study **Target Audience:** 'P'

ACCME Designation Statement

The Accreditation Council for Continuing Medical Education designates this live and enduring activity for 1 *AMA PRA Category 1™* credit. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Target Audience

Interprofessional team of Physicians, Pharmacists, PhDs, Nurse Practitioners and Physician Assistants.

Learning Objectives

After completing this activity, the learner will be able to:

- 1) Learn about discordance in the classification systems of hepatic impairment;
- 2) Learn about the potential of discordance in the classification of discordance in the methods of assessment of hepatic impairment on dosing recommendations;
- 3) Analyze the potential implications of the mentioned discordance on the dosing of certain drugs in patients with hepatic impairment;
- 4) Explore potential utility of other methods of assessing hepatic impairment for the purpose of generating evidence to guide drug doses.

Requirements to Receive Credit

ACCP is a Member-focused/Member-driven clinical pharmacology society with [Member Benefits](#) that enhance your professional growth. [Join today!](#)

In order to receive continuing medical education (CME) or continuing pharmacy education (CPE) credit, the learner must register for the educational activity, study the provided journal article, attend the Live webinar or view the On-Demand webinar, complete the online learning Self-assessment Post-test as well as the online course Evaluation and CME/CPE Certificate. Credits and CME/CPE Certificates must be claimed within thirty (30) days of completing the webinar, Post-test and Evaluation. Contact CE@ACCP1.org with any questions.

Disclosures:

Author/Faculty: Mohamed Elmeliegy, PhD, Associate Director, Oncology Clinical Pharmacology, Pfizer Inc. Employee-Pfizer Inc

Moderator/Planner: Nusrat Shafiq, DM, MD, Professor, Pharmacology, Post Graduate Inst of Medical Education & Research. Nothing to disclose.

CE Reviewer: Wendell Scott Akers, PharmD, PhD, Professor & Chair, Pharmaceutical Sciences, Lipscomb Univ Coll of Pharmacy. Nothing to disclose.

Schedule & Fees

ACCP webinar programs occur several times per year. Registration for the webinar is required, but is free of charge to all learners.

Acknowledgement of Financial Support

No financial support was received for this educational activity.

Home Study Initial Release and Expiration Dates

Date of Issuance: March 17, 2021

Expiration Date: March 17, 2024
