Direct Oral to Parenteral Anticoagulants: Strategies for Inpatient Transition

2021 ACCP Virtual Journal Club Webinar

Live Session: Wednesday, May 19th, 2021 from 2:00 to 3:00 PM ET

On Demand: May 19th, 2021 to May 19th, 2024

Why is this webinar important to you?

This webinar will present a case study that describes the impact on bleeding rates of two different strategies for transitioning from a direct oral anticoagulant (DOAC) to a parenteral anticoagulant: a delayed, clinically-driven strategy vs the standard per package insert strategy. Learners that complete this course will be able to discuss current recommendations for transitioning between DOACs and parenteral anticoagulation and to explore evidence on alternative strategies which may be beneficial in select patient populations. Learners will also have a broader understanding of the growing challenges and potential solutions of DOAC management in acutely-ill patients.

JOINTLY ACCREDITED PROVIDER™
INTERPROFESSIONAL CONTINUING EDUCATION

Joint Accreditation Statement

In support of improving patient care, the American College of Clinical Pharmacology® (ACCP) is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

UAN: JA4008220-0000-21-033-L01-P– ACPE 1 Contact Hours

Activity Type: Knowledge-based **Format:** Live & Home-study **Target Audience:** 'P'

ACCME Designation Statement

The Accreditation Council for Continuing Medical Education designates this live and enduring activity for 1 *AMA PRA Category 1™* credit. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Target Audience

Interprofessional team of Physicians, Pharmacists, PhDs, Nurse Practitioners and Physician Assistants.

Learning Objectives

After completing this activity, the learner will be able to:

- 1) Evaluate literature which contributed to current recommendations for transitioning from DOACs to parenteral anticoagulation;
- 2) Analyze new evidence on alternative transition strategies in patients with heightened risk for DOAC accumulation;
- 3) Assess the need for future research to provide more definitive guidance on DOAC management in the inpatient setting.

Requirements to Receive Credit

In order to receive continuing medical education (CME) or continuing pharmacy education (CPE) credit, the learner must register for the educational activity, study the provided journal article, attend the Live webinar or view the On-Demand webinar, complete the online learning Self-assessment Post-test as well as the online course Evaluation and CME/CPE Certificate. Credits and CME/CPE Certificates must be

ACCP is a Member-focused/Member-driven clinical pharmacology society with [Member Benefits](#) that enhance your professional growth. [Join today!](#)

claimed within thirty (30) days of completing the webinar, Post-test and Evaluation. Contact CE@ACCP1.org with any questions.

Disclosures:

Author/Faculty: Chelsea N. Lopez, PharmD, BCCCP, Clinical Specialist, Houston Methodist Hosp. Nothing to disclose.

Moderator/Planner: Vatsalya Vatsalya, MD, MS, Faculty, Univ of Louisville. Nothing to disclose.

CE Reviewer: Wendell Scott Akers, PharmD, PhD, Professor & Chair, Lipscomb Univ Coll of Pharmacy. Nothing to disclose.

Schedule & Fees

ACCP webinar programs occur several times per year. Registration for the webinars are required, but are free of charge to all learners.

Acknowledgement of Financial Support

No financial support was received for this educational activity.
